**Key Vocabulary**

Amazon	layers	Equator	Tropic of Cancer	Tropic of Capricorn
Madagascar	understory	emergent	canopy	forest floor
cCulture	lifestyle	climate	humidity	ecosystem

Intents	Student 
I know that rainforests are located around the equator and why.	
I can name and locate given rainforests on a map of the world with a specific focus on the Amazon Rainforest.	
I know the different layers of the Amazon rainforest and why certain plants and animals live in the different layers.	
I can label the layers of the Amazon rainforest including plants and animals that live there.	
I can use my knowledge of life in the rainforests to debate an issue.
