

# Animals Including Humans

# Biology

**Written (W)** report, experiment, letter etc.    **Discussion (D)** Summary of learning.    **Practical (P)** with photo and summary.

<u>National curriculum objective</u>	<u>Date completed</u>	<u>Activities</u>
<b>Identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat</b>		
<b>Describe the simple functions of the basic parts of the digestive system in humans</b>		
<b>Construct and interpret a variety of food chains, identifying producers, predators and prey</b>		

## Key Vocabulary (topic words must be spelt correctly throughout topic)

Nutrition	Function	Digestion	enzyme
Food chain	Prey	Predator	producer

## Glossary of key terms you want to remember

nutrition	
producer	

## Questions that you need to be able to answer by the end of the topic

- Can I identify the right types and amount of nutrition for animals and humans?
- Do I know that animals and humans get nutrition from what they eat?
- Can I describe the function of the digestive system?
- Can I describe the simple parts of the digestive system?
- Can I interpret a variety of food chains?
- Can I draw a food chain?
- Do I know the meaning of the words, producer, predator and prey?
